INCOGNITO'S last album - 'Tales From The Beach' - proved to be one of their most successful of recent years. Its huge success has prompted BLUEY and the DOME label to have the LP remixed by a whole host of top names including DIMITRI FROM PARIS, SIMON GREY, YAM WHO?, MARK DE CLIVE-LOWE and SKI OAKENFUL who produces a wonderful tweak on the MAYSA-vocalised 'I've Been Waiting.' Another highlight is FRANCIS HYLTON'S take on 'I Remember A Time'... with a rumbling bass line it lives up to its 'Black Moses Remix' billing. The album will be available from the beginning of November.
