Sadly, **Marva Whitney's** proposed Australian tour - as recently reported at [www.soulandjazzandfunk.com](http://www.soulandjazzandfunk.com) - has been postponed until next year.

2009 also sees the publication of Marva's long-awaited autobiography '*God, The Devil & James Brown: Confessions Of A Funky Diva,*' which will be published by Bank House Books.

Ms. Whitney would also like it known that she is now on the books of the **Personality Productions Inc**, a Las Vegas booking agency run by Ms. Jean Bennett that also includes on its roster The Buck Ram Platters.
