For the last few days SOULANDJAZZANDFUNK - the world's biggest and brightest UK-based soul music web site - has been unavailable. No, we weren't the victims of an anonymous, anarchist hacking group - rather, we were hit by some complicated technical problems. Anyway, we're back now and firing on all soul cylinders. Rest assured here @ SOULJAZZANDFUNK you'll continue to get the very best soul coverage. Upcoming in the next few days - reviews and features on the DELLS, INCOGNITO, a very special PHILADELPHIA INTERNATIONAL box set and much much more.
