SMOOTH BLEND is a new soul duo from Atlanta, They are Ty Juan and Shawndella Roberts and the singer/songwriters are right now putting the finishing touches to their first album, intriguingly called 'Couples Therapy: Session 1' Yes sounds interesting.

You can get a therapy taster by investigating the lead single – a mid-tempo, catchy R&B groove called 'Moves'. Pleasing male/female vocal interplay and catchy melody might win 'Moves' plenty of airplay. You can investigate via your favourite download portal... it's out now.
