On July 19th, the Crimson label releases a new 3-CD anthology of **SHALAMAR's** work called '**Gold,**' whose release will coincide with the 40th anniversary of the LA vocal trio's classic line-up of Howard Hewitt, Jody Watley and Jeffrey Daniel.

It contains all their biggest hits - including their Top 10 UK hits 'A Night To Remember,' 'I Can Make You Feel Good,' 'There It Is,' and 'Dead Giveaway' - and much more besides.

Thanks to the good folks at Crimson, SJF has secured a copy of '**Gold**' for one of our lucky readers to win.

For a chance to win it, all you have to do is answer one question:

**What was Shalamar's debut UK hit?**

Please email your answer to [info@soulandjazzandfunk.com](mailto:info@soulandjazzandfunk.com) by Friday 19th July. We'll contact the winner for address details.

***GOOD LUCK!***
